**We live and work here, too! A family-owned dealership means local service and a caring attitude. We make it our mission to make each and every one of you like family.**

**We've been an authorized Doughboy Pool dealer since 2001 and have spent the last thirty years delivering the very highest quality hot tubs and pool to the Inland Empire and beyond. We're committed to making sure that you, our customer, are just as thrilled with your choice today, as you were in the showroom, on that very first day.**

**Doughboy Pools has been in business for over 70 years, and have delivered above-ground pool to happy customers nation-wide and beyond, and there is no company more committed to providing Memories that Last a Lifetime. This is their promise, as well as ours.**

**With a family owned and operated company that's earned a real reputation for "Customers Come First", I feel it's my responsibility that I keep that reputation alive and growing.**

**I love to serve! Whether it's providing detailed information on our Doughboy Pools or helping you keep your pool water crystal clear and fresh I'm your Doughboy go-to-guy! With over 20 years in the business, I've got a lot of experience to share and help with, and I keep things fresh and exciting with an honest, low-key approach.**

**A Doughboy Pool can change your life. Give me a call, chat me up on our website, email or visit our showroom and let me show you how.**

# What Others Are Saying About Us

We had a wonderful experience buying our small Doughboy pool. This company is amazing. You get what you pay for, and we were super impressed with the value and service we received. We got a full pool package that included installation and a cleaner and stairs and everything. Our family is loving it so far :) a wonderful addition to our home. Thanks!

I can't say enough about my great experience. The pool looks great. Gary and his install team did a great job and worked very hard. They came through with every promise and finished the installation in one day. I recommend them to all my friends and family. Thank you so much for the wonderful experience.

The pool Installers were awesome!! My installation date was moved up by 10 days!! They explained everything to me about how things work and what I needed to do to keep my new pool running great!! And they installed it so fast!! I am really happy I purchased this pool!! Again Thank You, Hot Springs Spa for the great service!!

I've had my pool for about 2 years that I purchased from Inland Empire Hot Spring Spas, and my experience the entire time has been great!

I called over the weekend and needed service thinking I had an issue with my pump, but Larry came out today, opened up & flushed the filter and taught me along the way. Everything works great! It was a great experience! I appreciate the time he took to clean the filter but also teach me! So appreciated!

**All of our Doughboy Pools come with a COMPLETE POOL PACKAGE! We use only the Top-Rated Equipment designed to make your Doughboy Pool work to capacity!**

**The Pool Frog Mineral system utilizes a patented combination of sanitizing minerals along with a LOW level of chlorine to destroy bacteria. All components are introduced into the water via a housing known as the Cycler that is installed after the pump and filter. The Anti-Bac Mineral Pac is inserted first and lasts all summer, while the chlorine Torpedo Pacs fit inside the Anti-Bac Mineral Pac and are dialed in to your pool's exact needs. Less waste. Less work. Leaves your pool for nothing but fun!**

**Hayward is trusted by millions of pool owners for the quality of its equipment. In fact, it is widely recommended by technicians and builders that claim its longevity and durability. All the products manufactured by Hayward have superb quality materials that allow them to withstand all sorts of conditions and last a long time. This quality in craftsmanship will leave you with a sparkling clean pool, with very low effort. We believe in more family and swim time, than maintaining time.**

**For over 70 years, Doughboy Pools has been synonymous with high-quality above ground swimming pools. Our pools are designed to offer the ultimate blend of functionality and aesthetics, ensuring that your backyard transforms into a family-friendly paradise. With our innovative designs, superior materials, and commitment to safety, Doughboy Pools stands as a testament to American craftsmanship and durability.**
